

GOOD LIVER REMEDY FREE

When you suffer from any form of indigestion it is always well to take something for the liver, as usually the trouble lies there. If you are bilious, have a bloated feeling after eating, if you belch, if your skin is yellowish you may be sure it is liver trouble.

What you need is something to stir up the liver, to arouse the gastric juices so that they will aid in the digestion of your food. A very good remedy for this, and one highly recommended by those who have used it, is Dr. Caldwell's Syrup Pepsin, which you can obtain of any druggist at fifty cents or one dollar a bottle. But if you have any doubt about its merits, and would prefer to try it first, send your address to Dr. Caldwell and he will promptly send you a free sample bottle.

Thousands of people first learned

of this remarkable cure for stomach, liver and bowel troubles through a free sample. Mrs. Frank Lilly of Plainview, Ill., sent for one and it cured her and she is open in saying that she will never take pills or strong cathartics again, as Syrup Pepsin acts so mildly. Mr. W. L. Bryant, the Postmaster at Sardis, Tenn., says he will never be without it again. No sick person can afford to ignore a remedy so highly endorsed as this. It is good for all the family from infancy to old age, because it is mild, free from gripping and yet promptly effective. Furthermore, results are absolutely guaranteed or money will be refunded.

The Brown Pivot-Beam Riding Cultivator.

Foot Treadles attached to the Beams which connect with the sleeve arch in front, so that the forward pressure of the foot shafts the beams in their lateral movement.

When the beams are yoked together with our unique Adjustable Spreader, the forward motion of the operator's foot moves the beams in a like direction, and when used independently, a small coil spring on each beam is brought into action, so when pressing forward with the foot, the beams move away from the plant and without any effort on the part of the operator the spring brings them back to the row.

With this construction, any desired penetration is secured through Brown's Patent Hitch in connection with levers; and in addition, the operator has the advantage of pressing directly on the beam with the foot, thus enabling him to perfectly regulate the depth of plowing regardless of the irregularity of the soil.

The power or leverage through the agency of these foot treadles is practically double that of any other device and the action on the beams is not only powerful but the beams respond quickly to the pressure of the foot.

Distance between beams can be changed quickly without operator leaving the seat. Movable axles so that wheels can be adjusted to track any desired distance apart.

This cultivator is easily adjusted to balance with any weight of operator. A test will prove it the best.

A Violation.

It is not generally known that according to the Kentucky Statutes it is a heavy fine to catch for the purpose of placing in a cage, a mocking bird or red bird. Many people have these woodland songsters in caged about the house, and are not aware that the new laws of the state forbid such being a captive. The statute, which is section 1946 reads as follows: "No person shall at any time catch, kill or pursue with such intent or have in possession after same has been caught or killed any thrush, mocking bird, meadow lark, finch, martin, swallow, woodpecker, flicker, oriole, redbird, tanager, catbird, bluebird or other song or insectivorous bird." There is a move throughout the state to stop the capture as well as the killing of these birds.

LATONIA CLUB'S SPRING SESSION

Twenty-ninth Derby Will Be the Big Opening Event.

TO OCCUR SATURDAY, JUNE 10

All the Top-Notchers Entered and the Race Will Be Run at the Regulation Distance of One and a Half Miles. Large Crowds Expected From Chicago, Louisville, Indianapolis and All Ohio Cities.

On next Saturday, June 10, the Latonia Jockey Club will inaugurate its spring session of racing with the running of the twenty-ninth Derby as the feature. The Derby has been a feature of the opening day for nearly every opening day, but this time it is a Derby that will stand alone in the long history of this classic event. Of course Leonatos, Ben Brush, Ornament, Sir Huon and Olambata, winners of this event, were real racehorses. But forget the great Derbies of yesterday and think of this one.

This race is a "real" Derby; doubly so, for it is run at the regulation distance, 1½ miles, and the field will be made up of the class of colts which have made this race famous. Meridian, winner of the Kentucky Derby; Governor Gray, winner of the American Derby at Jacksonville and the Blue Grass stakes at Lexington; Star Charter, who defeated the great Countess in the Clark handicap at Louisville; Round the World, the great filly that won the Juarez Derby and other stake events at the Mexican track, and Heatherbroom, who carried the famous Cassat colors, are all sure starters. This quintet alone would make a great struggle, and with eight or more additional starters to give the race more color, one can expect a Titanic struggle that will make this event one never to be forgotten. It is by all odds the best

prospective field that ever came up for any Derby, not barring the once great event held annually at Washington park in Chicago.

Not only is the Derby a great event, but all of the stake events at Latonia this spring promise much. In the handicaps will be found the great mares Ocean Bound and King's daughter, with such horses as Bonnie Kelso, Countess and others too numerous to mention. In the two-year-old events the best colts and fillies in years are listed, including The Manager, the winner of the Breeders' Futurity, and Worth, the winner of the Bashford Manor stakes, and for which \$10,000 was paid. The great horses will not appear in the stake events alone, but will be out in the daily handicaps and condition races.

The Latonia management is making a big effort to make the Derby crowd as great as the race. A special rate has been secured from Louisville, over the L. & N., which is good for two days, coming Saturday and returning Monday. Big delegations are coming from Chicago, Indianapolis, Columbus, O., Dayton, O., and from Lexington and other Kentucky cities.

For the comfort of the patrons many improvements have been made at the course. It might be well to say right here that, leading to the track, Madison pike has been repaired and oiled and is now in ideal shape for the motoring and driving. Inside the track the stands and clubhouse have been beautifully improved by the use of \$6,000 worth of paint. The clubhouse has also been refurbished.

Society, which did not pay much attention to racing for a few years at Latonia, will this time grace the occasion, and on Derby day the best people of Cincinnati and vicinity will gather at the clubhouse and fill the boxes in the grandstand.

That about tells it all, and one can look forward to seeing a great race on June 10 at Latonia which will be witnessed by the greatest crowd that ever gathered at the Kenton county track.
